

Jesika Jiménez

Professional Summary

Computer Engineering graduate from the Universitat Politècnica de Catalunya (UPC), with a solid foundation in software development, networks, and emerging technologies.

I have gained both academic and hands-on experience working with a variety of programming languages, frameworks, and industry-standard tools. This background enables me to approach technical challenges with analytical thinking, autonomy, and a strong commitment to delivering high-quality solutions. I am particularly interested in software development, process automation, and the application of technology to improve business efficiency.

Education

Bachelor's Degree in Computer Engineering

Universitat Politècnica de Catalunya (UPC) | September 2021 - July 2026

Courses & Extracurricular Activities

- Official School of Languages (EOI) | September 2020 – June 2021
- Udemy Programming Certificate | September 2020 – June 2021

Technical Skills

- Programming Languages: Python, Java, JavaScript, C, C++
- Web Development: HTML5, React, CSS
- Backend: Django, FastAPI, Flask
- Databases: MySQL, PostgreSQL, MongoDB
- AI and Agents: CrewAI, Ollama, openAI
- Networks and Systems: Networking fundamentals, system architecture, Linux environments
- Tools: Microsoft Office, Google Workspace, Sharepoint, PowerApps, PowerBi, PowerAutomate

Experience

Intern at BN-32 Systems, processes and digitalization team

Seat Martorell | March 2026 - August 2026
